OUR SPEAKERS

Colin A. Ross, MD

Colin A. Ross, MD, is an internationally recognized clinician, author, researcher, and speaker on psychological trauma and its consequences. He is the founder of The Ross Institute, which provides education, research, consultation, and treatment concerning psychological trauma. He is the author of 13 books and 125 papers in professional journals. His book, *The Trauma Model*, is the foundation of his treatment program. Dr. Ross has spoken in China, Australia, New Zealand, and throughout Europe and North America.

Melissa Caldwell, MS, ATR, LPC

Melissa Caldwell has worked with Dr. Ross since 1993. She is the executive Clinical Director of The Ross Institute. She is a registered art therapist and a licensed professional counselor. At The Ross Institute, Caldwell provides direct treatment, as well as consultation, training, and supervision for Trauma Program staff. She has delivered many workshops throughout North America and maintains a private practice in Richardson, Texas.

CONTINUING EDUCATION

4 continuing education credits will be provided by NASW-MI for social workers.

3.5 CPEU hours have been requested from the Commission on Dietetic Registration. Approval is pending.

3.5 contact hours will be awarded for nurses.

Munson Medical Center is an approved provider of continuing nursing education by the Wisconsin Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

TRAUMA MODEL THERAPY FOR EATING DISORDERS
A Dynamic Treatment Model for Eating Disorders

WORKSHOP OVERVIEW

The speakers will describe the application of Trauma Model Therapy to eating disorders. They will describe specific treatment techniques and strategies and will explain how eating disorder behaviors can serve as defenses against trauma. Time will be allocated for case discussion and consultation. An optional guided “Community Conversation” will take place immediately following with a panel of local providers.
